Objective

A junior web developer with knowledge of HTML, CSS, JavaScript, and React. Looking for an opportunity to build websites, learn more, and grow in a development team.

Work Experience

Information Technology Help Desk Support

Al-Garhy Pharmacy | Oct 2022 - Dec 2024 | Cairo, Egypt

- Provided technical support for hardware and software issues across the pharmacy branches.
- Assisted staff with system troubleshooting, printer setup, and internet connectivity.
- Ensured smooth operation of point-of-sale systems and maintained data backups.

Contributed to improving IT efficiency by resolving issues quickly and documenting common solutions.

Mobile Technician & Sales Assistant

MAKA Mobile Store | Dec 2021 - May 2022 | Cairo, Egypt

- Performed basic mobile maintenance tasks including screen replacements and software troubleshooting.
- Assisted the main engineer in advanced mobile repairs.
- Supported customers in choosing and purchasing new phones and accessories.
- Helped with sourcing and buying new mobile equipment for the store.
- Combined technical support with sales duties to ensure a smooth customer experience.

Volunteering

Agriculture expert, Khaleeha Akhdar ("Keep It Green") | Mar 2025 – Present

Terre des Hommes – Hemaya Project

- Advised on strategic tree planting and urban greening plans in underserved Cairo neighborhoods to promote environmental restoration and community well-being.
- Led hands-on workshops on home gardening and sustainable agriculture, empowering residents with practical, eco-friendly cultivation skills.
